Introduction & Background
 Water Shortage Response Plans are required by North Carolina General Statute 143-355 (I) and must be approved by Resolution of the proper governing body.

Discussion & Analysis
 These plans are written to reduce potable water demand and supplement existing drinking water supplies whenever existing water supply sources are inadequate to meet current demands for potable water. These plans have already been reviewed and approved by North Carolina Department of Environment and Natural Resources.

Budgetary Impact

None

Recommendation

Motion to approve 3 separate Resolutions for the Water Shortage Response Plans for the following: North Chatham, Asbury and Southwest water systems.
