Introduction & Background

The purpose of this public hearing is to receive input in the county's interest in applying for Community Development Block Grant (CDBG) funds in the coming year as different funding opportunities may arise. The county must hold an initial public hearing to receive input as part of the funding process.

Discussion & Analysis

This public hearing is not for a specific grant proposal, but covers any CDBG grant applications that the county may submit in the coming year. Separate public hearings will be held for specific grant applications as they are developed. One CDBG grant opportunity that is anticipated to start during the current fiscal year is the Scattered Site Housing program that the county receives every three years, based on federal funding.

Recommendation

Hold a public hearing and receive comments.
