Part B

Introduction & Background:

The Home and Community Care Block Grant is the vehicle used nationally to distribute state and federal funding according to a formula in the Older Americans Act. Services are provided by the Chatham County Council on Aging according to Standards established by Federal and State Divisions on Aging units. Each County appoints a Block Grant Committee to consider the allocation of funds among services. The recommended budget requires that the Chatham County Council on Aging provide all services listed on the proposed budget. The County Commissioners must approve the allocation of funds before they can be committed by the Triangle J COG Area Agency on Aging to the County.
