Explain any matching funds required, sources of these funds and how the match would be met	The Children's Trust Fund requests that 25% of the total funding required for the program be in the form of in-kind or other services. We are receiving funding from Smart Start which supports our current Focus on Fathers Coordinator, and the amount received exceeds the 25% match requirement. We also provide in-kind services such as space and administrative oversight.	
Briefly describe any staff position(s) or consultant contract work that might that be funded by the grant and how position(s) would be continued, if needed beyond the grant period	If awarded the grant would fund a 2 nd Coordinator to our existing program to serve Spanish-speaking fathers. Alternative grant funding for this position would be sought if the position is needed beyond the grant period. We are also seeking 33.8% funding for our current Coordinator position, which is being funded at 70% by the Chatham County Partnership for Children (this will make up the difference due to pay for performance increases). We understand that this position will revert to its current level of funding when the grant ends.	
Summarize the grant accomplishments, as outlined in the grant application, including commitments made to the grantor (this can be provided as attachment)	Individual and group support for fathers of children will be provided thorough home visits. Other services to be provided include: transportation to community resource and opportunities for family activities.	
Summarize major benefits of the grant to the county	This grant will allow Chatham County the opportunity to expand needed services to our growing Latino population who are currently not being served.
