Renee Dickson, Assistant County Manager, explained that currently the policy draws against the budget ordinance; that the budget ordinance gives the County Attorney the authority to sign contracts up to $20,000.00; that the only stipulation is that the money must have been included in the budget for that purpose; that the County Manager cannot sign contracts unless they have been budgeted; and that the new policy keeps down administrative work and time required to sign contracts.

She stated that after a lively discussion, the commissioners approved the request to apply for a grant to establish a Teen Center in Siler City; that the commissioners were supportive, recognized the need to provide activities for youth and to reduce teen pregnancies in their community; and that the motion passed seven to one. She stated that the County could receive up to $75,000 in the first year of the funding cycle to be used to establish the teen center site, hire staff and purchase materials for programs; that funding for subsequent years would be used to continue the project; that this grant requires a local match of 20% in the first budget year, a 10% match in the second year, a 25% match in the third year, a 35% match in the fourth year and a 50% match in the fifth year; that matching funds can be in-kind, but as the cycle progresses, cash matches will be necessary. She stated that the major changes include: 1) Incorporating the purchasing agent’s role in the purchasing process, in that the purchasing agent will be responsible for managing the bid process of major purchases, purchasing office supplies in bulk and operating a County office supply store, developing a database of vendors, reviewing all purchases greater than $250 to ensure prices are reasonable, maintaining a central file of contracts and ensuring follow-up documents are obtained, and serving as a resource for departments in making any purchase  2) Increasing participation by local vendors in the County’s purchasing process (at the Board’s direction) by: (a) creating a database of local vendors, (b) asking departments to contact local vendors first when making purchases, and (c) making sure local vendors are notified and have the opportunity to participate during a formal bid process 3) Retaining the purchase order limit from $75 to $250 which should give department greater flexibility and reduce the paperwork for departments and the Finance Office

  Commissioner Grimes moved, seconded by Commissioner Wilson, to approve the Proposed Purchasing Policy and for the staff to review the policy, change it to state that the Commissioners be informed of expenditures over $10,000 with the change to be approved at the December 16, 1996 Board meeting.
