Community Programs' recent conference held a pre-conference training for JCPC programs. Jeremiah from CIS attended the training. He stated it was very helpful, especially the training on NC ALLIES and the development of individual service plans. DPS is in the process of revising the JCPC policies. The goal date for the roll out will be July 2019. There will be local trainings in each area. Denise chairs this committee. There is much focus on the Raise the Age initiative. Many work groups have been established the address to complex issues faced with the new legislation. Peggy is on the YDC work group and they have weekly conference calls. Denise is looking at risk and needs data for all areas. She hopes to have SPEP scores ready for the funding meeting in March.
