1. Complete the information below BEFORE printing and completing items 2 through 7. Items in red are required.
   Department: Public Works
   Department contract file name (use effective date): PublicWorks_HazenandSawyer_20180514
   Project Code: Click here to enter text.
   Contract type: Agreement
   Contracted Services/Goods: Engineering
   Contract Component: Master
   Change Order Number/Addendum Number: Click here to enter text.
   Vendor Name: Hazen and Sawyer
   Effective Date: 5/14/2018
   Approved by: Commissioners
   Ending Date: Click here to enter a date.
   Total Amount: 110,000.00

2. Department Head or his/her designee has read the contract in its entirety.
   By: [Signature] (Department Head signature required)

3. County Attorney has reviewed and approved the contract
   County Attorney has reviewed and rejects the contract ☐ Reason: ____________________________

   This is an automatic renewal and does not require approval from the County Attorney: Yes ☐ No ☐

   △ If this box is checked the County Attorney’s Office has reviewed the contract but has not
   made needed changes to protect the County because the contract is a sole source contract
   and the services required by the County are not available from another vendor.

4. Technical/MIS Advisor has reviewed the contract if applicable. Yes ☐ No ☐

5. Vendor has signed the contract. Yes ☒ No ☐

6. A budget amendment is necessary before approval. Yes ☐ No ☐
   If budget amendment is necessary, please attach to this form.

7. Approval

   ☐ Requires approval by the BOC - contracts over $100,000.00. Follow Board submission guidelines.

   ☐ Requires approval by the Manager – contracts $100,000 or less.

8. Submit to Clerk.

   Clerk’s Office Only

   ☐ Finance Officer has signed the contract
   ☐ The Finance Officer is not required to sign the contract
THIS AGREEMENT FOR SERVICES (this “Agreement”), made and entered into this 14th day of May, 2018 by and between Chatham County, a body politic and corporate of the State of North Carolina, (hereinafter referred to as the “County”), and Hazen and Sawyer, (hereinafter referred to as “Contractor”).

WHEREAS, Contractor, has agreed to provide services in a professional manner in accordance with the standards of Contractor’s industry and as hereinafter set forth; and

WHEREAS, the County wishes to enter into an Agreement with Contractor to provide the services specified in Appendix 1, Scope of Work, attached hereto and incorporated herein by reference.

NOW THEREFORE, in consideration of the mutual agreements described below, the parties agree as follows:

1. **Term of Agreement**: The initial term of this Agreement commence on May 14, 2018 and shall end on or before December 31, 2018.

2. **Scope of Service**: The Contractor shall provide to the County the Services (the “Services”) set forth in the “Scope of Work” attached hereto as Appendix 1, which is incorporated herein and made an integral part of the Agreement.

3. **Compensation**: As compensation for the services to be provided by Contractor, the County shall pay the Contractor the amount **$110,000.00** payable within thirty (30) days from receipt of invoice, or as otherwise set forth in Appendix 1.

4. **Insurance**: Contractor shall maintain insurance policies at all times with minimum limits as follows:

   **Coverage**
   - Worker’s Compensation
   - Statutory Limits
   - General/Professional Liability
     - $100,000 bodily injury per person (BI)
     - $500,000 bodily injury per occurrence (BI)
     - $100,000 property damage (PD)
   - Automobile Liability
     - $250,000 bodily injury per person (BI)
     - $100,000 property damage (PD) or

All insurance policies shall be issued by companies authorized to do business under the laws of the State of North Carolina and shall be rated not less than “A” by A.M. Best and Company. Contractor shall furnish Certificates of Insurance to the County, naming the County as an additional insured, prior to the commencement of operations. The certificates shall clearly indicate that Contractor has obtained insurance of the type, amount, and classification as required for strict compliance with this paragraph and that no material change or cancellation of the insurance shall be effective without thirty (30) days prior written notice to the County. Compliance with the foregoing requirements shall not relieve Contractor from any liability or obligations under this Agreement.

5. **Confidentiality**: All proprietary data and information, if any, furnished to Contractor by the County shall be regarded as confidential, shall remain the sole property of the County and shall be held in confidence and safekeeping by Contractor for the sole use of the County and Contractor under the terms of this Agreement. Contractor agrees that its officers, employees and agents will not disclose to any person, firm or entity other
than the County or its designated legal counsel, accountants or practice management consultants any
information about the County. Contractor agrees to carry out its obligations to the County in compliance with all
privacy and security regulations required by law.

6. **Status of Parties:** Nothing contained in this Agreement shall be construed as establishing a partnership
or joint venture relationship between Contractor and the County. Contractor and its employees and
representatives are independent contractors, solely responsible for its or their performance under this
Agreement and shall have no legal authority to bind the County.

7. **Assignment and Subcontracting:** Neither this Agreement nor any rights or obligations hereunder shall
be subcontracted, assigned, or delegated by Contractor without prior written consent of the County, which
consent may be withheld in the County's sole discretion.

8. **Binding Effect:** This Agreement shall be binding upon the parties hereto, their heirs, administrators,
executors, successors and assigns, if such assignment has been approved by the County.

9. **Notices:** Any notice or other communication required or permitted under this Agreement shall be in
writing and shall be deemed to have been given on the date delivered personally or deposited in the United
States Postal Service, certified mail, return receipt requested, with adequate postage affixed, addressed as
follows:

   Chatham County
   Attn: Renee Paschal
   Post Office Box 1809
   Pittsboro, North Carolina 27312

   Hazen and Sawyer
   Attn: H. Thomas Tant, PE
   4011 Westchase Boulevard, Suite 500
   Raleigh, North Carolina 27607

Either party may change its address for notices under this Agreement by giving written notice of such change
to the other party in accordance with the terms of this paragraph.

10. **Governing Law:** This Agreement and the rights and obligations to the parties hereunder shall be
construed and governed by the laws of the State of North Carolina and venue for any proceedings arising
hereunder shall be in the state court of appropriate jurisdiction located in Chatham County, North Carolina.

11. **Modifications:** This Agreement may be amended or modified by the mutual written consent of the
parties. A modification is not enforceable against the County unless it is signed by the County Manager,
Purchasing Agent, or other duly authorized official.

12. **Entire Agreement:** This Agreement contains the entire agreement between the parties pertaining to the
subject matter of this Agreement. With respect to that subject matter, there are no promises, agreements,
conditions, inducements, warranties or understandings, written or oral, expressed or implied, between the
parties, other than as set forth or referenced in this Agreement.

13. **Waiver:** A waiver of any provision of this Agreement must be in writing, designated as such, and
signed by the party against whom enforcement of the waiver is sought. The waiver of a breach of any
provision of this Agreement shall not operate or be construed as a waiver of any subsequent or other breach
thereof.

14. **Termination:** This Agreement may be terminated as follows:

   (i) **Cause:** If the services provided by the Contractor under this Agreement are determined to be
unsatisfactory or unacceptable, as determined by the County Manager, this Agreement may be
terminated by the County for default. Grounds for termination for default shall include, but not be
limited to:

Chatham County Services Agreement
(a) Failure to respond to all reasonable requests from the County to provide services covered by this Agreement.
(b) Failure to maintain equipment in accordance with the requirements of this Agreement and with all laws.
(c) Failure to properly recycle any electronic equipment as specified in Article 9, Chapter 130A of the North Carolina General Statute or failure to comply with any statutory requirement within the formal bid request, as provided in the bid packet, incorporated herein by reference.
(d) Lack of proper insurance as required under this Agreement.
(e) Charging rates or fees in excess of those provided in this Agreement.
(f) Inefficient, or unsafe practices in providing services.
(g) Other actions which impact unfavorably on the faithful performance of this Agreement.

(ii) Convenience: The County reserves the right to terminate this Agreement upon thirty (30) days written notice to Contractor for any reason deemed by the County to serve the public interest. This termination for convenience will not be made when termination is authorized under any other provisions of this Agreement. In the event of such termination the County shall pay the Contractor those costs directly attributable to services received by the County in compliance with the Agreement prior to termination. Provided, however, that no costs will be paid to the Contractor which are recoverable in the Contractor's normal course of doing business. The County is not liable for loss of any profits anticipated to be made hereunder, nor for any special, consequential or similar damage.

15. Annual Appropriations and Funding. This Agreement is subject to the annual appropriation of funds by the Chatham County Commissioners. Notwithstanding any provision herein to the contrary, in the event that funds are not appropriated for this Agreement, the County shall be entitled to immediately terminate this Agreement, without penalty or liability, except the payment for all service satisfactorily provided under this Agreement up to and through the Contractor's receipt of notice of termination.

16. Hold Harmless: Contractor agrees to indemnify and hold harmless the County, its agents, servants and employees from any and all claims, actions, lawsuits, damages, judgments or liabilities of any kind whatsoever arising out of the provision of service under this Agreement.

17. County Policy: The County opposes discrimination on the basis of race and sex and requires all of its contractors to provide a fair opportunity for minorities and women to participate in their work force and as subcontractors and vendors under County contracts.

(The remainder of this page intentionally left blank)
18. **E-Verify**: Effective September 4, 2013 North Carolina local government units are prohibited from entering into certain contracts unless the contractor and the contractor's subcontractors, if any, comply with the requirements of N.C. Gen. Stats. §64-26(a). Prior to providing any services hereunder, Contractor and Contractor's subcontractors, if any, are subject to the provisions of N.C. Gen. Stats. §64-26(a). Contractor agrees to fully comply with such statute and require Contractor’s subcontractors, if any, to fully comply with such statute.

**Iran Divestment Act**: Contractor hereby certifies that Contractor, an all subcontractors, are not on the Iran Divestment List (the “List”) created by the North Carolina State Treasurer pursuant to N.C.G.S § 143-6A-4. Contractor shall not utilize any subcontractor that is identified on the List.

**Requirement to Recycle Certain Electronic Equipment**: If applicable, Contractor’s failure to properly recycle any electronic equipment as specified in Article 9, Chapter 130A of the North Carolina General Statute or failure to comply with any statutory requirement within the formal bid request, as provided in the bid packet, incorporated herein by reference, shall be grounds for immediate termination of this Agreement.

**IN WITNESS WHEREOF**, the parties have executed this Agreement in their official capacities with legal authority to do so.

Vicki McConnell, Finance Director
APPENDIX 1

SCOPE OF WORK

PROJECT NAME: Chatham County Comprehensive Water/Wastewater Utility Master Plan

SCOPE OF SERVICE:

Project Understanding and Scope

Chatham County, Goldston, Siler City, and Pittsboro (hereinafter referred to as the “Partners”) intend to develop a comprehensive water and wastewater utility master plan that will facilitate a regional coordinated effort to meet their projected water and wastewater needs in both the near term and long term (to the year 2040). The master plan will utilize realistic demand projections for the service areas to develop an array of solutions. Opportunities for new or expanded treatment facilities, decentralized facilities, intra- and inter-county interconnections, distribution and collection system capacity improvements, and/or privately owned facilities will be identified, and assessed and incorporated into the master plan as appropriate and directed by the Partners. The master plan will provide an implementation timeline, prioritize projects, and suggest possible funding opportunities.

The evaluation will be holistic in nature and will incorporate the “One Water” concept, whereby all water is considered valuable, and both wastewater and stormwater are considered potential resources. The utilization of wastewater and stormwater as alternative sources of non-potable water supply can potentially reduce nutrient loading in the watershed and extend the timeframe for meeting potable water needs from raw water sources.

Tasks and Deliverables

Task 1: Water and Wastewater Demand and Distribution

Task 1.1 Population Projections and Distribution

Population increases will be distributed proportionally for each municipality and the County, and in accordance with the County’s comprehensive plan. Service areas will be limited to the development corridors prescribed in the County’s comprehensive plan. Growth projections will be refined based on input from each individual Partner.

Task 1.2 Water and Wastewater Demands

Utilize existing water billing data and/or other metrics such as wholesale billing usage to estimate per person water usage for each municipality. Utilize water plant production data or metered flows to establish total existing water demand (to include flushing needs). Water usage for non-residential users will be assumed to be proportional to current usage, or altered to reflect increased usage as anticipated by each Partner and/or to account for the development of the mega sites. Estimate future water demands for the year 2020, 2030 to 2040, and an “ultimate” demand at year 2070 to comply with state regulatory planning guidance for 50 year water supply planning.
Existing wastewater treatment plant flow data will be used to establish wastewater demands proportional to the water demands.

Demands will be presented and discussed at Alternatives Development Workshop (see Meetings Task). Partner input will be used to refine the demands and will be incorporated into the projections prior to developing supply and discharge alternatives.

Task 2: Document Existing Water Infrastructure

Develop a summary and description of all the water treatment and distribution systems for each Partner. Summary will include treatment capacity, description of treatment processes, description of system interconnections/capacities, and a summary of overall miles and diameters of existing distribution system piping (based on data available from the existing models). Summary will include an overview of existing raw water sources and raw water quality.

Task 3: Document Existing Wastewater Infrastructure

Develop a summary and description of all the wastewater treatment and collection systems for each Partner. Summary will include treatment capacity, description of treatment processes, description of system interconnections/capacities, and a summary of overall miles and diameters of existing collection system piping (based on data available from existing GIS). Summary will include existing NPDES discharge permit limits and locations, and an overview of historic discharge water quality.

Task 4: Develop Water Treatment and Distribution Options

Task 4.1 Combine Existing Models

Combine the existing water distribution system models available for each municipality into a single model. Combined model is assumed to include Chatham County, Durham and OWASA from the existing Jordan Lake Partnership Model; Goldston (from Withers and Ravenel), Siler City (from McGill), Pittsboro, Sanford (Hazen), Burlington (Hazen), and Mebane (Hazen). All models will need to be converted to Infowater for the project. Chatham County, Durham, OWASA, Burlington and Mebane are already available in the InfoWater format.

Task 4.2 Water Supply Alternatives

Develop up to six alternatives for new water supply to meet anticipated demands. Alternatives will include various combinations of expansion of existing facilities, development of new facilities (to include a new regional water treatment plant on Jordan Lake), and transfers/interconnections with adjacent municipalities. Alternatives will be modeled (assumes steady state models based on selected key model nodes) to assess hydraulic limitations in the respective municipalities that must be addressed. Preliminary Engineering costs using conceptual level cost data for selected feasible alternatives will be developed. The analysis will include a review of potential implementation issues (e.g. interbasin transfers, institutional arrangement issues, water quality concerns, permitting issues, land acquisition issues, feasible implementation schedule). The treatment facility analysis will include recommendations for potential upgrades to meet anticipated regulatory concerns such as perfluorinated compounds, bromide and other emerging contaminants.

Task 5: Develop Wastewater Collection and Treatment Options

Develop up to six alternatives for new wastewater treatment to meet anticipated demands. Alternatives will include various combinations of expansion of existing facilities, development of new facilities, utilization of “decentralized systems”, and transfers with adjacent municipalities. Areas identified as likely to need public.

Chatham County Services Agreement
sewer will be identified and reviewed with the respective municipal government. Estimates of irrigation demands that can be met with reclaimed water will be assessed based on the land use categories in the comprehensive plan, and typical irrigation demand needs for the region. Potential reductions in water demands related to areas anticipated to utilize reclaimed water will be correlated with the water system analysis options developed in Task 4.

Potential hydraulic limitations in each service area will be identified, and necessary improvements needed to implement a proposed alternative. Preliminary Engineering costs using conceptual level cost data for selected feasible alternatives will be developed. The analysis will include a review of potential implementation issues (e.g. interbasin transfers, institutional arrangement issues, water quality concerns, permitting issues, land acquisition issues, feasible implementation schedule). The treatment facility analysis will include conceptual based recommendations for potential upgrades to meet anticipated NPDES limits, and for reclamation of nutrients and water for agriculture.

The conveyance challenges addressed in the alternatives evaluations will be based on a high level assessment of pipe sizes, typical acceptable velocities/slopes and guidance from the Partners. We will seek input from each partner on potential wastewater collection and treatment options during the alternatives development workshop prior to proceeding with subsequent tasks.

**Task 6: Implementation Schedule**

Anticipated water quality requirements for the preferred alternative(s) will be outlined and an implementation schedule will be developed to meet the Partner’s needs. The final report will address the following:

- A review of the permitting steps required for each proposed new facility; and,
- A draft planning, permitting, design, and construction schedule for each new treatment facility, pump station, and pipeline.

**Task 7 Meetings**

Workshops and or meetings will be conducted at critical points during the Master Plan development. A total of four (4) meetings/workshops are anticipated for the Master Planning Services to include:

1. Meeting 1: Kick-off Meeting to discuss the Master planning approach, data needs, data availability, and establish communication protocols.
2. Meeting 2: Alternatives Development Workshop. This workshop will include a review of population projections, demand projections, population/demand distribution assumptions for the respective service areas. Meeting will include a review of potential alternatives to meet both water and wastewater demands to be considered for the Master Plan.
3. Meeting 3: Progress Meeting to review developed alternatives, timing of alternative implementation and conceptual level costs.
4. Meeting 4: Progress Meeting to present the preferred alternative(s), and review comments on the Draft Master Plan.

**Task 8: Documentation**

Draft and Final meeting summaries from all meetings/workshops will be provided. Final summaries will be distributed in pdf format following incorporation of comments by participants.

A Comprehensive Master Plan will be developed to document the results of the analysis and the recommendations. In lieu of a traditional static report a dashboard data management tool will be provided that

Chatham County Services Agreement
will facilitate analysis of multiple alternatives and provide the ability to modify alternatives to adapt to changes in need. The tool will be accompanied and supported by an Executive Summary. A breakdown of the major components of the master plan is as follows:

1. Executive Summary
2. Population, Water and Wastewater Flow Projections (DASHBOARD TOOL)
3. Existing Water Treatment and Distribution Systems (DASHBOARD TOOL)
4. Existing Wastewater Treatment and Collection Systems (DASHBOARD TOOL)
5. Water Treatment and Distribution System Options (DASHBOARD TOOL)
6. Wastewater Treatment and Collection System Options (DASHBOARD TOOL)
7. Preferred System Summary (DASHBOARD TOOL – Documented in Executive Summary)
8. Preferred System Permitting Requirements, Implementation Schedule, and Cost (DASHBOARD TOOL – Documented in Executive Summary)

Seven (7) hard copies of the draft Executive Summary and one electronic copy of the Executive Summary and Comprehensive Plan Dashboard Management Tool will be submitted for review and comment. Draft documents will be submitted a minimum of ten working days before progress meetings.

Following incorporation of comments seven (7) hard copies of the Executive Summary and one electronic copy of the FINAL Comprehensive Plan Dashboard Management Tool will be submitted.

**Schedule**

Preliminary population and demand distribution results, as well as a draft of potential water and wastewater treatment, distribution and collection results will be developed within three calendar months after receipt of the authorization to proceed. This is based on the assumption that the kick-off meeting can be scheduled for a time within 2 weeks of the authorization to proceed. We will prepare a draft comprehensive plan within six weeks of the Alternatives Development Workshop. The draft report will be submitted to the Partners a minimum of ten (10) days prior to a review meeting. Comments and preferences will be incorporated into the document and a final draft Comprehensive Plan will be submitted to the Partners for review and comment within one month of the Progress Meeting. A final review meeting will be held to review and discuss the report. The final Comprehensive Plan will be submitted within two calendar weeks after receiving the Partner’s comments on the draft report, if any. Overall, development of the comprehensive plan is anticipated to take approximately 6 months.

**TOTAL COSTS:** which includes all Reimbursables. $110,000.00

**COMPLETION DATE:** December 31, 2018
CERTIFICATE OF LIABILITY INSURANCE

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFER NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).
