WITNESSETH:

WHEREAS, North Carolina General Statute §69-25.5 provides methods by which counties may provide for fire protection in a fire district. One (1) method counties may use is to contract with an incorporated non-profit volunteer fire department; and

WHEREAS, the North Chatham Fire District (the District") is a Special Tax District created pursuant to Chapter 69 of the North Carolina General Statutes; and

WHEREAS, the Fire Department is a non-profit corporation organized for fire protection service purposes as defined in North Carolina General Statutes §69-25.4; and

WHEREAS, the County has elected to provide fire protection services within the boundaries of the District, and, at the option of the Fire Department, to also provide rescue and Emergency Medical Responder Services by contracting with the Fire Department to provide such services; and

WHEREAS, the Fire Department has the ability to provide and is willing to provide said services within the boundary of the District; and

WHEREAS, the County levies and collects the taxes from the District for the provision of fire protection as defined in North Carolina General Statutes §69-25.4; and

WHEREAS, the parties desire to establish a renewable contract to enable the parties to make long range plans;

NOW, THEREFORE, in consideration of the premises and the mutual covenants herein contained the parties hereto contract and agree as follows:

1. The County contracts and agrees that it will cause to be assessed or levied a special tax of up to fifteen cents ($.15) per one-hundred dollars ($100) valuation of all taxable real and personal property in the District unless otherwise limited or prohibited by law or a vote of the people, and will collect said tax as part of the ad valorem taxes of the County of Chatham; provided, however, the amount levied annually shall be based on the needs projected in the budget estimate submitted by the Fire Department to the County as approved by the County.

2. A special or separate fund shall be maintained by the County for funds collected as a result of said special tax.
3. Ninety-nine percent (99%) of current and delinquent funds collected pursuant to this Agreement for taxable real and personal property within the District, including funds collected for County billed motor vehicles taxes, shall be remitted to the Fire Department by the 10th of the month following the month of collection; provided, however, that the total sums remitted to the Fire Department in any fiscal year hereunder shall not exceed the sum appropriated for said service during the said fiscal year.

4. The Fire Department shall provide and furnish adequate fire protection services and will provide the necessary equipment, personnel, and other resources as determined necessary by the North Carolina Department of Insurance, Fire and Rescue Service Division, and the Insurance Service Office for all persons and property located within the District, and the fire department shall maintain a 9S certification in the rated District and will furnish services free of charge to all persons and individuals within the District.

5. In addition, the Fire Department may elect to provide and furnish Rescue and Emergency Medical Responder Services ("the Services"). In the event the Fire Department elects to provide such Services, it shall notify the County in writing that it is providing the Services, and shall continue to provide the Services until it notifies the County that it is no longer providing the Services. In providing the Services the Department agrees that it will provide at a minimum the necessary equipment, personnel and other resources as determined by the North Carolina Office of Emergency Medical Services and Rescue, and the individual designated by the County as the Medical Director (the "County Medical Director"). For purposes of this Agreement the term "Emergency Medical Responder Services" shall be defined as the furnishing of services in medical emergencies in accordance with the guidelines provided by the North Carolina Office of Emergency Medical Services and the County Medical Director.

6. Current Fire Department personnel who are not Emergency Medical Responders ("EMRs") or Emergency Medical Technicians ("EMTs") may respond to emergency medical calls as dispatched provided they (i) have attended and participated in a minimum of twenty-four hours (24) hours of Emergency Medical Responder/Emergency Medical Technician continuing education during the past one (1) year and have completed CPR and skills evaluation as prescribed by the North Carolina Office of Emergency Medical Services and Rescue, and the County Medical Director within the preceding twelve (12) months, and (ii) have agreed to complete the minimum hours of EMR/EMT continuing education annual training as directed by the County Medical Director. A roster of such Fire Department personnel and documentation of their required training shall be submitted to the County by January 31st of each year. No Fire Department personnel without such training shall be permitted to provide patient care, except in the case of CPR if applicable training has been completed, unless accompanied by a person who is qualified to provide CPR, or is a certified EMR or EMT.

7. All current Fire Department Emergency Medical Responders and Emergency Medical Technicians must have official certification on file with the Fire Department. All Fire Department Emergency Medical Responders and Emergency Medical Technicians must maintain a current and valid State certificate and complete CPR and skills evaluations annually as prescribed by the North Carolina Office of Emergency Medical Services and the County Medical Director. A roster of Fire Department Emergency Medical Responders and Emergency Medical Technicians and recertification documentation shall be submitted to the
County by January 31st of each year. No EMR or EMT without a current and valid certification from the North Carolina Office of Emergency Medical Services shall be permitted to provide patient care, except in the case of CPR if applicable training has been completed, unless accompanied by a certified EMR or EMT.

8. The Fire Department shall participate in the required annual Harris Plant training for fire departments located in Chatham County, including without limitation, mock drills and FEMA evaluations.

9. All funds paid to the Fire Department by the County shall be used by the Fire Department to provide fire protection services within the District; provided that should the Fire Department elect to provide Rescue and Emergency Medical Responder Services as provided in this Agreement within the District, such funds may be used to pay those expenses as well, and to pay other legitimate fire, Rescue, and Emergency Medical Responder expenses related to such services rendered within the District.

10. The Fire Department shall operate in compliance and all applicable State and local laws and regulations including, but not limited to, the North Carolina Fire Incident Reporting System (N.C. G. It is further agreed that the Fire Department will present the County along with its annual budget request its most recent fiscal year audit by a Certified Public Accountant, which audit shall be in conformity with generally accepted accounting principles and standards.

12. The Fire Department agrees to comply with County budgeting procedures and any applicable procedures provided by state law and shall submit annual budget estimates in accordance with established County budget timetables along with a supporting letter containing its request for a proposed tax rate signed by the Fire Department’s president upon approval of its Board of Directors. The County will provide the Fire Department with standard forms for budget submission and the Fire Department shall use such standard forms.

13. The Fire Department will file with the County Fire Marshal’s Office a true copy of its Articles of Incorporation, including all amendments thereto, and shall furnish any changes made thereto not less than thirty (30) days after their effective dates. Further, the Fire Department agrees to maintain its status as a North Carolina non-profit corporation. In addition, upon request of the Fire Marshal’s Office, the Fire Department shall provide copies of its bylaws or other operational rules of procedure.

shall deliver, release, and convey to the County all of the equipment, cash, real estate, and

to the amount of insurance required by this Agreement; provided that such liability arises out of
acts for which any defense of governmental, statutory, or common law immunity is not
available to the County. The indemnification provided for herein shall not be construed as a
waiver of any applicable defense of governmental, statutory, or common law immunity, and
shall not prevent the Fire Department from asserting any defense of such immunity; provided,
however, that the indemnity provided for herein shall apply unless and until a nonappealable
judicial decision holding that no such immunity applies is entered.
