The Juvenile Crime Prevention Council (JCPC) has studied the risk factors and needs of Juvenile Court involved youth in this county and hereby publishes this Request for Proposals. The JCPC anticipates funds from the NC Dept. of Public Safety, Division of Adult Correction and Juvenile Justice in the amount stated above to fund the program types specified below. Such programs will serve delinquent and at-risk youth for the state **fiscal year 2019-20** beginning on, or after, **July 1, 2019**. The use of these funds in this county requires a local match in the amount specified above.

The JCPC will consider proposals for the following needed programs - SEE ATTACHED PROGRAM TYPE DEFINITIONS

* Psychological Assessment	* Temporary Shelter Care	* Interpersonal Skill Building
* Counseling (Individual, Group, and Family)	* Restitution/Community Service	* Parent/Family Skill Building (focusing on parenting classes)
* Substance Abuse Treatment	* Teen Court	

Proposed program services should target the following risk factors for delinquency or repeat delinquency:

Data indicates 41% of youth are Risk Level 3 of possible delinquent behavior, which are appropriate referrals to community programs, and well over the State percentage of 33% in FY 17-18. Data also reflects juveniles involved in assaults (24%) is higher than the state percentage (18%). Juveniles are also in need of substance abuse assessment/treatment (28%) with juveniles involved in juvenile court having moderate to serious school behavior problems (81%). The lack of prosocial peers and associating with others involved in delinquent behavior (56%) indicates the need for life skills classes.

Programs should address the following concerns as reported in the Needs Assessments for adjudicated youth:

Peer Domain: Interpersonal and decision making skills

Individual Domain: Additional mental health services; evidence of physical, sexual, emotional abuse or neglect.

Family Domain: Homes with domestic discord and violence; families with alcohol or substance abuse issues; data indicates a need for parenting classes.

School Domain: Moderate to serious problems in school that tend to increase school suspensions and unexcused absences.

Applicants are being sought that are able to address items below:

1. Program services compatible with research that are shown to be effective with juvenile offenders.
2. Program services are outcome and evidence -based.
3. The program has an evaluation component.

Local public agencies, 501(c)(3) non-profit corporations and local housing authorities are invited to submit applications to provide services addressing the above elements.
