BOARD OF EDUCATION

The Chairman led the discussion of issues discussed at the joint meeting of the Board of Commissioners and the Board of Education held on Monday, August 14, 2006.

Capital Outlay Funds:
After considerable discussion, Commissioner Emerson moved, seconded by Commissioner Cross, to release capital outlay funds designated for technology projects in the amount of $1,090,000 to the Board of Education. The motion carried five (5) to zero (0).

School Bond:

It was the general consensus of the Board to proceed with the bond referendum since taxes had been raised to pay for the new northeast high school. However, due to time constraints, the bond referendum will not be held during the November election, but will be held at a later date to be determined.

Chairman Morgan asked that a joint resolution be prepared for the Board of Commissioners and Board of Education confirming that they are in agreement to hold a bond referendum supporting the
construction of a new northeast high school.

AFFORDABLE HOUSING

Amy Powell, Executive Director of the Chatham Habitat for Humanity, gave an overview of the Chatham County Affordable Housing Task Force as follows:

In September 2005, the Board of Commissioners sanctioned the formation of the Chatham County Affordable Housing Task Force to begin to look at the complex issue of affordable housing in Chatham County. The Task Force serves as an advisory body to the Board of Commissioners and may make recommendations for consideration by the Board of Commissioners.

Purpose:

Our bylaws state that the purpose of the Task Force is to:

1) Define affordable housing needs and existing resources;
2) Encourage municipal participation in the affordable housing process;
3) Coordinate with affordable housing organizations to establish a plan for resource development, partnerships and distribution to address affordable housing needs;
4) Research “best industry practices” and neighboring county/municipal requirements;
5) Promote affordable housing availability within the same geographic areas as employment opportunities;
6) Provide public education on affordable housing;
7) Provide guidance and recommendations to the Board of Commissioners to insure the affordable housing needs of Chatham County are met.

Membership:

The Task Force has 17 members, invited initially to widely represent Chatham County. Planners from Siler City, Pittsboro, and Chatham County serve on the Task Force.

Meetings

The Task Force has met nine times including two organizational meetings. At several early meetings, the Task Force reviewed resources that focus on models for affordable housing. Affordable housing experts from the City of Raleigh and the Land Trust in Orange County have made presentations to the Task Force. There have been subcommittee meetings to include developers and environmentalists, as well as subcommittee meetings to draft recommendations. The draft recommendations committee met by phone with planners from Davidson and Manteo since both of those towns have affordable housing programs.

Results:

Recommendations are being drafted to establish a plan for affordable housing in Chatham County. In particular, the Task Force is studying ways to include a requirement of developers for affordable housing. Zoning, legality, maintaining long term affordability, and working with three jurisdictions are just a few of the issues that make this a complex matter.

The affordable housing needs assessment conducted in 2002 needs to be updated and adopted as a foundational document, with a plan for affordable housing to be developed from that foundational data.
Our objective is to have the needs assessment updated and a plan with recommendations ready to present to the Board of Commissioners in the first half of 2007.

Several of you attended the partnership celebration which was a highlight of our year and helped to put affordable housing need and partnerships in the spotlight.

Ms. Powell stated that she appreciated the support of the process by the Commissioners as it has given them the recognition to make affordable housing an issue which is foremost in peoples’ minds.

Chairman Morgan stated that he was impressed with the attendees at the affordable housing meeting in Fearrington; that it was represented by State people; and that he feels that they got the State’s attention.

CDBG

Keith Megginson, Chatham County Planning Director, explained that on August 14, 2006, separate bids were received for the housing rehabilitation of one housing units for the FY 04-CDBG Scattered Site Project #04-C-1225/HUA #CH0307; that bids were received from three contractors; that upon analysis of these bids and preparing their recommendations, several factors were considered; that these factors included budget constraints, time constraints, ability and reputation of the contractor, size and work force of the contractor, and contractor references; that Johnston-Lee-Harnett Community Action submitted the low bid on the housing unit; that they have also worked with the CDBG program for many years and have recently successfully completed several rehabilitation units with Hobbs, Upchurch & Associates and most recently completed several homes included in the first and second bid phases of their project in Chatham County; that it is their recommendation that Unit #11 (Grace Burnette) be awarded to Johnston-Lee-Harnett Community Action.

Commissioner Emerson moved, seconded by Commissioner Barnes, that Unit #11 (Grace Burnette) be awarded to Johnston-Lee-Harnett Community Action in the amount of $26,335.00 and that the heating contract be awarded to Davis Heating & Air Conditioning in the amount of $5,475.00.
